Yeah-aahhh-yeah, oooooooooohhhh
Even though I'm scared,
And I'm not pre-pared
I need to know
A way
To be oh so-sure
That-i-can-ah-dore your-heart (your-heart) your-
soul(your-soul) your love

'cos baby I care,
And I hope you feel the same (echo)

Don't let me down

I'm telling you that you're my baby
The world's gone crazy
This love we've found
Don't always come around (----won't you dance)
So-i'm-telling-you baby

I'm still around (echo)

Ohhhhh-oh-oh-oh
Hhmmmm-hm-hm

I apologise,
For the way that i
Describe
My mind
To you.
With my-love for-you,
I would not fail to keep you true
It's all, i-have, to-do-do-do

'cos baby, I care,
And I hope you feel the same (echo)
Don't deny me

Dont let me down

I'm telling youw that you're my baby
The world's gone crazy,

This love we've found (echo)
Don't always come around (----won't you dance)
So-i'm-telling-you baby

I'm still around

(indeterminate warbling? falsetto 'cos you stole my
heart'. not-falsetto 'yes-you-did')

'cos baby I care,
I hope you feel the same
Don't deny me (don't let me down (echo), I'm telling
you)
I'm telling you (that you're my baby, the world's gone
crazy (echo))
This love we've found (echo)
Don't always come around (----won't you dance)
So I'm telling you baby

Don't let me down (don't let me down-down)

I'm telling you that you're my baby (you're my baby)
The world's gone crazy
This love we've found (we've found)
Don't always come around (----won't you dance)
