Mmm
Ho ho

I can't deny this strange desire in my heart
So close together we can never be apart
Heal my pain
Let me feel your fire burn alight

Mmm, the more you give the more I want
Crazy ain't it just
A man like me, a girl like you
Here drownin' in this love

So won't you come
Here and fill the empty space between us
The moment seems to steal us away

Girl, you're the one and I get this strangest feelin'
Somethin' tells me summer's on it's way
Lover won't you stay

I swear that I'm addicted, you could say, I can't let go
The more that you invite me girl the more I want you so
Breathe in me
Let your love come down like fire and burn and burn

The mood is right, the time is tight
Let's get heavenly
So lock the door, kill the lights
Just give yourself to me

Oh won't you come
Here and fill the empty space between us
The moment seems to steal us away

Girl, you're the one and I get this strangest feelin'
Somethin' tells me summer's on it's way
Lover won't you stay

I get this feelin'
A summer feelin'
Lover won't you stay

Lover won't you stay, oh yeah

Oh won't you come
Here and fill the empty space between us
The moment seems to steal us away

Girl, you're the one and I get the strangest feelin'
Somethin' tells me summer's on it's way
Lover won't you stay
Lover won't you stay
Lover won't you stay
Lover won't you
