What's in goodbye?
An empty word without a heart
Saddens me each time I hear it
Keeping us apart

What's in goodbye?
How cruel and so insensitive
Maddens me each time I hear it
How unkind it is
Oh, it is...
Stuck in a cloud full of cold weather
Somewhere in time
Counting the tears as I remember
Drowning in sunshine
What's in goodbye?
A place so vast and insincere?
Saddens me each time I hear it
How unkind it is

Yeah, yeah, yeah hey, yeah hey
Yeah...
Stuck in a cloud full of cold weather
Somewhere in time
Counting the tears as I remember
Drowning in sunshine
What's in goodbye?
An empty word without a heart
Saddens me each time I hear it
And it breaks my heart
Keeping us apart
It breaks my heart

Ooh, yeah yeah..
