Cut to the chase your pretty face
Search outer space leavin' no trace
Making love in the Heavens above
Flyin' so high you and I
You and I, you and I

Can't get my head around you
Can't bear to be without you
Can't stop from thinkin' 'bout you
You turn my life around
Can't get my head around you
Can't bear to be without you
Can't stop from thinkin' 'bout you
You turn my life around

Time standing still, inch time to kill
Cheatin' the wheel there are moments to steal
So another day gets brushed away
Preoccupied you and I
You and I, you and I

Can't get my head around you
Can't bear to be without you
Can't stop from thinkin' 'bout you
You turn my life around
Can't get my head around you
Can't bear to be without you
Can't stop from thinkin' 'bout you
You turn my life around

Making love in the Heavens above
Flyin' so high, you and I

Can't get my head around you
Can't bear to be without you
I can't stop from thinkin' 'bout you
You turn my life around
I can't get my head around you
I can't bear to be without you
I can't stop from thinkin' 'bout you
You turn my life around

I can't get my head around you
I can't bear to be without you
I can't stop from thinkin' 'bout you
You turn my life around

I can't get my head around you
I can't bear to be without you
I can't stop from thinkin' 'bout you
I can't get my head around you
I can't bear to be without you
I can't stop from thinkin' 'bout you

I can't get my head around you
I can't bear to be without you
I can't stop from thinkin' 'bout you
