Live your life and just be your self  
'Cause you're somebody special 'cause somebody  
loves

Your life so just be your self  
'Cause you're somebody special 'cause

Someone loves your life, life  
Hey hey, I can see you shining shining  
I can see you shining with light, with light  
Hey hey, I can see you shining shining  
I can see you shining brightyou

In America today, people seem they lost their way  
They don't know they're wrong from right  
Something something just ain't right  
'Cause on TV, in magazines all I see is violent things  
Killers here and killers there, killers seems to be  
everywhere

Where did all the healers go, yo, I don't know, I don't  
know  
Maybe all the killers killed them yo Carlos, let's save  
the children  
Let's build their minds up and build their spines up  
Teach 'em how to stand proud, to say it just say it loud

I am somebody, I am somebody, I am somebody  
Somebody I am somebody, I am somebody, I am  
somebody  
And you can be who you want to be, go where you want  
to go  
Love who you want to love, hey

It's your life, so just be your self  
'Cause you're somebody special 'cause somebody  
loves  
Your life so just be your self  
'Cause you're somebody special

'Cause someone loves your life, life  
Hey hey, I can see you shining shining

I can see you shining with light, with light  
Hey hey, I can see you shining shining  
I can see you shining bright

In America today, people call up in pain  
Let's try to help them change and stop this suffering  
Teach 'em how to stand for something and I stand for  
nothing  
Just stand proud, just say it, just say it loud

I am somebody, somebody I am somebody  
I am somebody, I am somebody  
And I can be who I want to be, go where I want to go  
Love who I want to love, hey  
And you can be who you want to be, go where you want  
to go  
Love who you want to love, hey

I am somebody, I am somebody, I am somebody  
Somebody I am somebody, I am somebody, I am  
somebody  
And you can be who you want to be, go where you want  
to go  
Love who you want to love, hey

'Cause someone loves my life, life  
Hey hey, I can see you shining shining  
I can see you shining with light, with light  
Hey hey, I can see you shining shining  
I can see you shining bright
