Make it funky for me
Make it funky for me
Make it funky for me, DJ

Make it funky for me
Make it funky for me
Make it funky for me, DJ
She said, she said she

Move it in, check it out
Move it in, check it out
Move it

It's the funk that make you jump
Sexy honeys shake they hump
Got them dummies spendin' money
Just to get up in your junk

Buy you drinks up at the bar
Fill you up with alcohol
Rendezvous you, try to do you
Even walk you to your car

You don't want what's goin' down
You freak them to the sound
The bass was steady poundin'
You dropped it to the ground

Hypnotized by the DJ
When he select the beat
Steady rockin on a weekday
Heavy on repeat

So put 'em up, put 'em up
Drop it down to the ground
Back it up, back it up
Somebody ask the DJ

Can you make it funky for me?
Can you make it funky for me?
Can you make it funky for me?
Can you make it, DJ?

Can you make it funky for me?
Can you make it funky for me?
Can you make it funky for me?
Gotta ask the DJ

I make it funky for ya
I make ya feel alright
I make it funky for ya
I make ya feel al

Reach for somethin' really high
Go ahead and touch the sky
Ain't no limit when you in it
Live it up 'cause it's your life

Any minute we gon' spend it
Like the shit never gets spun
Oh yeah, this shit just begun
And we came to have fun

Put away your guns
Ladies keep shakin' your buns
Some body grab some body
Party 'til the sun come up

And we ain't stoppin'
I don't care if 20 cops come in
Let 'em keep knockin' and knockin'
We keep on rockin'

So put 'em up, put 'em up
Drop it down to the ground
Make it hot, make it hot
Somebody ask the DJ

Can you make it funky for me?
Can you make it funky for me?
Can you make it funky for me?
Can you make it DJ?

Can you make it funky for me?
Can you make it funky for me?
Can you make it funky for me?
[Incomprehensible] DJ

I make it funky for ya
I make ya feel alright
I make it funky for ya
I make ya feel alright

I make it funky for ya
I make ya feel alright
I make it funky for ya
I make ya feel al
