Take me back  
Take me back  
Take me back

Girls, girls, girls  
Girls, girls, girls  
Girls, girls, girls  
(Take me back)

(One more chance)  
This time around IÃ¢â€Œ™ ll get it all I know  
(One more chance)  
Let me undo what I've done before  
(One more)

Girl I been lovin'Ã¢â€Œ™ you like la la la  
But it been hittin'Ã¢â€Œ™ you like blah blah blah  
We've been going back and forth like volleyball  
Battlin' each other like Gallactica

Girl our love could be spectacular  
But we crash like vehicular  
Homicide, I know why youÃ¢â€Œ™ re sick of her  
Brother what tricks thatÃ¢â€Œ™ s quick will trick on ya

I know you want more but you  
You want a good to stick with ya  
IÃ¢â€Œ™ ll stick with ya and perfect my love  
IÃ¢â€Œ™ ll protect ya girl if you give me just

(One more chance)  
This time around I'll get it all I know  
(One more chance)  
Let me undo what I've done before  
( 'Cause I don't want to go)  
Another day, another lonely night  
(And I donÃ¢â€Œ™ t want to be)  
In this world without you in my life  
(One more chance)

(This time around)  
Baby protect the love

(This time around)  
Baby protect the love  
(Love)  
Baby protect the love

(This time around)  
Gotta get it right  
(This time around)  
Gotta get it right

Let me, let me, let me, let me, let me  
Love you all day, all day  
Remix the love in a new way, new way  
Put it on, put it on replay, replay  
Spinnin' 'round and ~round like a DJ, DJ

Forever and ever and always  
Our endeavor got me Sure like Al B  
Yesterday got to feelin' a little salty  
Girl I promise I'm gonna love ya love ya all the way

Til the end, l-o-v-e end  
Girl I'm serious, no more pretendin'  
I receive all the love you're sendin'  
I give my all if you give me just

(One more chance)  
This time around in time a different flow  
(A new romance)  
We'll do things we've never done  
before  
( 'Cause I don't want to do)  
The same mistakes that I made yesterday  
(I love you)  
I really love you baby  
I really love you baby

(Love)  
Baby protect the love  
(This time around)  
Baby protect the love  
(Love)  
Baby protect the love

(This time around)  
Better get it right  
(This time around)  
Better get it right

This time around  
This time around

This time around  
This time around  
I promise baby I'll rearrange it  
I'll remix it, no more same

This time around  
This time around  
This time around  
Check it out now

Your friends girl, they're just haters  
They just think that I'm a player  
They don't see that love is greater  
If not now, than maybe later

~Cause endlessly you know on the sleeve  
You will see my l-o-v-e will be  
Strong until the end  
Baby give me

(One more chance)  
This time around I'll get it all I know  
(One more chance)  
Just let me undo what I've done before  
(Cause I don't want to go)  
Another day, another lonely night  
(And I don't want to be)  
In this world without you in my life

One more chance  
La, la, la  
La, la, la  
La, la, la  
La, la, la
