[Jennifer Lopez - Hook]

You can go hard or you can go home  
You can go hard or you can go home  
You can go hard or you can go home  
You can go hard or you can go home

You can go hard or you can go home  
You can go hard or you can go home  
You can go hard or you can go home  
You can go hard or you can go home

[will.i.am]

Oh my goodness, this beat is so hard...

[will.i.am]

I'mma go hard, hard to the core  
Hard like moth\* f\*c\*in liquid swards  
Harder than worldwide stadium tours  
I am the future, delorian doors

Will he survive? Never decease  
I don't think I'mma ever gonna rest in peace  
I'mma kill the game, leave the rest in pieces  
Now everybody want my recipes  
Tell a jealous chicken I don't know where the beef is  
I'm just making money for my grankids' nieces  
I'mma work hard, that's my thesis  
This beat is the sh\*t, feces

Pardon me ma'am, I'mma go dumb  
Smart.i.am, I'm complicated, hard.I.am  
I end the beginning, then start it again

[Jennifer Lopez - Hook]

You can go hard or you can go home  
You can go hard or you can go home  
You can go hard or you can go home  
You can go hard or you can go home

You can go hard or you can go home  
You can go hard or you can go home  
You can go hard or you can go home

You can go hard or you can go home

[will.i.am]

Oh my goodness, this beat is so hard...

[will.i.am]

You can get that, or you can get this  
You can call a demon, I'mma call Jesus  
You can get a curse, you can get a cross  
You can go to work, or you can be the boss  
I'mma be the owner, be a thought donor  
I'mma go hard, like a muthaf\*c\*in boner  
I'mma make the beat put the people in a coma  
You can be a geek or be a rolling stoner

I woke up in the morning,  
Hard like morning wood in the morning  
Woke up thinking about microphonin'  
E.T own the mic phone the homeland

I'm way out like NASA  
I'm way over here I done past ya  
I get stacks of cash, you get cashews, I go hard,  
statues

[Hook]

You can go hard or you can go home  
You can go hard or you can go home  
You can go hard or you can go home  
You can go hard or you can go home

You can go hard or you can go home  
You can go hard or you can go home  
You can go hard or you can go home  
You can go hard or you can go home

[Bridge]

Now let me take this time to say I don't wanna lead you  
on  
You can go hard or you can go home, Well I,  
I know it is a lot to take,  
I don't wanna lead you on  
You can go hard or you can go home,  
You can go hard...

Wait a minute, I'mma make it a little harder  
I'mma make it a little harder  
Give it to you a little harder  
THIS IS HARD....

[Mick Jagger]

Hard like rock n roll  
The time bomb's tickin', explode  
Baby this is dynamo  
Better move back now  
It's bout to blow  
Hard like Geometry, and Trigonometry  
This is crazy  
Psychology  
Get it baby  
I'm bout to win  
Watch out now  
I'm going in

You can go hard or you can go home  
You can go hard, you can go home  
You can go hard, you can go home  
You can go hard...
