Ooh

Ooh

Ooh

The candle

Pictures of you

The things I, I plan to do to

You won't see until I'm done

My potion has just begun

I know you feel obsessed with me

You're wanting more, you're needing me

In sleep, you dream and think of us

And when you wake you're still in love

I change your thoughts your mind's not clear

Except for what I make you feel

I know my magic's taking hold

You're losing all your self control

We can make a spell upon you

You're haunted, you know you are

There's no way you can get away from, your haunted

Your haunted heart

My wish is your command

I've got you in the palm of my hand

With one touch, you're mine for good

It's working just the way I planned it would

I know you feel obsessed with me

You're wanting more, you're needing me

In sleep, you dream and think of us

And when you wake you're still in love

I change your thoughts your mind's not clear

Except for what I make you feel

I know my magic's taking hold

You're losing all your self control

We can make a spell upon you

You're haunted, you know you are

There's no way you can get away from, your haunted

Your haunted heart

We can make a spell upon you  
You're haunted, you know you are  
There's no way you can get away from, your haunted  
Your haunted heart

I came to you in the midst last night  
You want me, and I want you  
Oh...  
But now I can see you cast your spell on me tooooo...

We can make a spell  
I'll haunt you  
Haunted  
You're haunted  
You know you are  
We can make a spell  
With one touch you're mine for good  
Haunted  
Your haunted heart  
Oh, no no no

We can make a spell upon you  
You're haunted, you know you are  
There's no way you can get away from, your haunted  
Your haunted heart
