Oh, I, I,..... I
I wanna be bad wit ya, baby
I, I, I, I, I wanna be bad with ya, baby

Do you
Understand what I need
From you
Just let me be the girl
To show you, you
Anything that you can be
Is everything that I can be
(I Wanna be) My Turn
Let me let you know that I, I can
Promise that I won't do that
So, boy, say the time and place 'cause you make me
wanna misbehave

:::Chorus:::
I wanna be bad
You make bad look so good
I've got things on my mind
I never thought I would
I, I wanna be bad
You make that feel so good
I'm losing all my cool
I'm about to break the rules
I, I wanna be bad
I wanna be bad with ya, baby
I, I, I, I, I wanna be bad wit ya, baby

Whats up?
Tell me what to do
How to be
Teach me all your words from A to Z
But I-
Don't want your other girl to see
That you're messing round with me
Should I boy
Tell ya what I got is what ya want
Tell, Tell me, do I I turn you on?
I Don't want no one judging me

.:Chorus:.

I Wanna be bad
You make bad look so good
I've got things on my mind
I never thought I would (never thought I would)
I, I Wanna be bad
You make that feel so good
I'm losing all my cool
I'm about to break the rules
I, I Wanna be bad

Willa, Willa, Willa, whatcha want, whatcha want?
Willa, Willa, Willa, whatcha want? (Come and get it
from me)
Is it him, the criminal with the Stan look?
Do you need a real shady to.. (Please stand up)
Or is it me, the criminal in the V,
that never pretend to be nothin' other than a.. (Bad boy)
If you say you want me, tell me how you gon' be.
(Hey, Royce) Yo.
(I wanna be bad) C'mon.

You make bad look so good (you make bad look so
good)
I got things on my mind, I never thought I would
(I never thought, I never thought I would)
I Wanna be bad, you make that feel so good
I'm losing all my cool
I'm about to break the rules
(about to break, about to break the rules)

I Wanna be bad, you make bad look so good
I got things on my mind, I never thought I would
I, I Wanna be bad, you make bad feel so good
I'm losing all my cool
I'm about to break the rules
I, I Wanna be bad
