I remember the moment you told me, our love was lost
and ooh...

How it split me in two pieces, never thought you'd be so
cruel.

So calm and so cool, stop for a second and see.

Can you see, can you see?

Look back, baby, it's your heartbox missing a beat
'Cause it's me that's walking on the sunny side of the
street.

In the sunshine, in the sunshine.

Well, I guess I was wrong when I thought I heard my
heart say

That you must be the one, 'cause it's only a couple of
weeks now.

And it's already gone, yes, she's already gone.

And now I'm moving on and on and on.

Look back, baby, it's your heartbox missing a beat
'Cause it's me that's walking on the sunny side of the
street.

Look back, baby, it's your heartbox missing a beat
'Cause it's me that's walking on the sunny side of the
street.

In the sunshine.

You said it was over, over, it's over, you said it was
over.

I'm not the one looking over your shoulder.

You said it was over, over, it's over, you said it was
over.

I'm not the one looking over my shoulder, looking over
your shoulder.

Stop for a second and see.

Look back, baby, it's your heartbox missing a beat.
Look back, baby, it's your heartbox missing a beat
'Cause it's me that's walking on the sunny side of the
street.

Me that's walking, me that's walking on.

Look back, baby, it's your heartbox missing a beat

'Cause it's me that's walking on the sunny side of the street.
Look back, baby, it's your heartbox missing a beat.
Oh, look back, baby, it's your heartbox missing a beat
'Cause it's me that's walking on the sunny side of the street.
Is my heartbox, is my heartbox missing a beat?
In the sunshine, in the sunshine, feels all right.
In the sunshine, in the sunshine, in the sunshine, feels all right.
