Yesterday you told me  
I was your lover and friend  
Now you're trying  
To drive our love to a end  
How can I  
Survive without you  
In my life baby  
All I wanna do  
Is break down and cry over you

It's not fair  
How you mistreated me  
You broke my heart  
And suffocated my mind  
With your lies  
It's not fair  
How you abuse my love  
I gave to you baby

I feel like  
I had a heart attack Everytime I think  
About the love  
I gave to you baby  
The pain comes right back again  
Because you threw away  
The love I gave you  
And you started to be  
So untrue to me

It's not fair  
How you mistreated me  
You broke my heart  
And suffocated my mind  
With your lies  
It's not fair  
How you abuse my love  
I gave to you baby

So many nights  
On the telephone  
You would tell me  
So many fairytales

And during the day  
You sent me many letters  
Trying to make me feel better  
But where was your love

It's not fair  
How you mistreated me  
You broke my heart  
And suffocated my mind  
With your lies  
It's not fair  
How you abuse my love  
I gave to you baby
