* heavy breathing *

Check this out man

All this gym shit

Runnin around for a scholarship

Ain't even my style man

I don't even know what the fuck I'm doin in this shit

Bout to get the fuck up out of this shit

Ain't even with this

[akinyele]

Me play sports? don't place your bet

I'm not the type of guy to run up and down and break
out in a sweat

I just make the words sound hip

I leave it up to jane fonda, to take care of that physical
fit shit

Nothin wrong with bein overweight, everything straight

So long as my pockets stay in shape

I never participated in gym

I hated the thought, to even have to take a loss to begin

They say health brings you longevity

But I'm not one for that extra-curriculum activity

You might see the ak, with a baseball hat

Won't see me on no field with no baseball bat

In case some nigga head, got to get cracked

Other than that, I don't plan to run track

Picture me joggin for miles.. hah!

Come on kid, that's just not my style

I just talk to girls on the horn

You won't see the ak upstairs, puttin no butter on his
corns

Another athlete bites the dust

Another nigga from egypt, make egyptian musk

Picture me wearin pro keds, runnin the full court

Don't jump out your basket-ass head

I just cool around the block and hold down the fort

Straight up and down nigga, I'm not a good sport

* rob swift cuts "exercise" *

[akinyele]

Don't throw your soccer balls this way

The name is akinyele, not no motherfuckin pele
Baseballs is what I'm not with
So don't hand me no catcher's mitt, cause I ain't
catchin shit!
The only time I slide and run, is after a murder's done
I get ghost before the homicide come!
But that's a different subject - that's called games of
death
When your man play russian roulette while upset
He can't handle it, he wants to stop it
He grabs the hammer and cock it, but that's a whole
different topic
I just throw my voice on plastic
You won't see me wrasslin in no arena, gettin my ass
kicked
Or better yet boxin in, some ring with gloves
Talkin about pst pst losin oxygen
You know the whole blase-blasah, the ak saga
I'm quick, to run your shit like a jogger
Huh! I don't carry no stopclock
I knock the j off of jock, so you can just call me ak!
Yeah, it's just that simple son
On my spare time, I be rackin bitches up, at the
wimbledon
But I'm not one for tennis
Nor breakin no sport records in the world book of
guinness
I just cool around the block and hold down the fort
Straight up and down nigga, I'm not a good sport

* rob swift cuts "exercise" *

[akinyele]

Me jumpin over fences, don't make sense kid
On a hot day, you'll find me coolin on the benches
And you could ask me where the water's at
But don't come ask me to act, like no motherfuckin
quarterback
Shoulder pads and helmet, yeah right
Talkin that hut one, hut two, hut three, hike - psych!
I'm poetic, while dealin with the alphabetic
Not athletic, that's why I don't sweat it
So you can keep your sports on hold
Fuck soccer, the shit that I kick, yo it's bound to go gold
I just cool around the block and hold down the fort
I just cool around the block and hold down the fort
I just cool around the block and hold down the fort
Straight up and down nigga, I'm not a good sport

* slow scratching, heavy breathing *

Uh-uh, I'm the fuck out

I ain't with this shit
Find the nigga, blow the whistle man
