Lefrak City Queens

Yo, this is Akinyele with my mans complexion
And right now we representing all the guys
With more than ten dollars in they pocket
Who still gone be playin'
Even though they not payin' for the whole night
You know what I'm sayin'?

Girl, would you fuck me for free, free, free, yeah baby
(Girl, would you just fuck me for free)
(One fuck, one fuck)
Girl, would you fuck me for free, free, free, yeah baby
(Girl, would you just fuck me for free)
(Two fucks, two fucks)
Girl, would you fuck me

Yo, if I ever had to go out spending cash to the ass
I get it some Quarterback shit and I'll just pass
I'm a little too fast for y'all gold diggers
On that O.J tip straight tryin' to deuce a nigga
That's why I don't believe in holidays or meeting your
moms
Eating out a restaurant or taking your ass to that prom

I'm straight up like the collar on the foreigners
Living like our daughters are runnin' ones Perion
Ladies fucking men for money all night long
But that's foul like a nigga eating swan while reading
the Quran
The fire run game on they brain
You cats is dying died her up in the Ramada
With eight bitches and a pie pizza filled with anchilates
And all y'all girls can have a slice on me
'Cause tonight, me and my people, we fucking for free

Girl, would you fuck me for free, free, free, yeah baby
(Girl, would you just fuck me for free)
(One fuck, one fuck)
Girl, would you fuck me for free, free, free, yeah baby
(Girl, would you just fuck me for free)
(Two fucks, two fucks)
Girl, would you fuck me

You know how it is on these streets tryin' to make a million
If I was talkin' square biz I'd be out sellin' Cicilians
Imagine, I would pay for all the girls I fucked
I'd be broke as fuck with a broken heart
Plus I can't fuck now, what the fuck type of shit is that
In this position 'cause I was trickin' like a magician

Girls in the world tryin' to take your bread
Put your wallet in your hat, nigga, and hold your head
It's the Akinyele, you know, I rock well
Girl, I get up in that ass like K.Y Gel
Said, if I want to fuck, I gotta spend cash
Niggas must have had they tongue in your butt
'Cause you talkin' out your ass
I just came to bust a nut
But if you want me to go down south, girl, listen up

"I wanna fuck", I said, "I wanna fuck"
Yo, the farthest down south that I'm going is the accent
Check it out, "I wanna fuck"

Girl, would you fuck me for free, free, free, yeah
(Girl, would you just fuck me for free)
(One fuck, one fuck)
Girl, would you fuck me for free, free, free, yeah baby
(Girl, would you just fuck me for free)
(Two fucks, two fucks)

Girl, would you fuck me for free, free, free, yeah baby
(Girl, would you just fuck me for free)
(Three fuck, three fuck)
Girl, would you fuck me for free, free, free, yeah baby
(Girl, would you just fuck me for free)

Girl, would you fuck me for free, free, free, yeah baby
(Girl, would you just fuck me for free)
Girl, would you fuck me for free, free, free, yeah baby
(Girl, would you just fuck me for free)
Girl, would you fuck me for free, free, free
