(larry)

Yo live from london town

Right now this is larry love

Representing 35 above

Crocodile dundee style

We always have a good day rocking with the akinyele

Check it out

Big up to creedon

Perly west susset

Big up to britain

Big up to all of south london

Big up to sortenheath

Big up to brixton

Stone bridge massive

Big up to all the brothers

All the brothers representing hard core hip hop

We always come our with a warning

This is course hip hop

Yo yo who's this

Who's this girl

Who's this girl singing man

All I hear hard core akinyele

Yo we even got the queen up for ransom

That's how we do it in london town

Hook - (akinyele)

Sky's the limit and you know that you

Could have what you want or be what you want

But make sure you live to be everything you say

(? ) just doesn't take it away

And yo sky's the limit and you know that you

Could have what you want or be what you want

We never ran we never will

We dressed to kill

Because sky's the limit and we take y'all

(akinyele)

Yo before you niggas ain't know match

For this jimi hendrix guitar type of nigga with no strings  
attached

I create, nothing less than great

With my mind stuffed and messed around

Have you niggas break your fucking rewind button  
I kill this shit  
Similar to guns and clips  
When niggas from street corners light fire high bricks  
Keep you shaking in your pants when the guns behind  
your ear  
Get you deaf enough cause you fools wil paralyze a  
pair  
When the ak start rocking  
I put you in that puff  
Daddy mode and keep your while motherfucking back  
bopping  
It's the ak-nel  
But you could catch me maxing that movie about the  
dog  
Cause I rock with them  
I serve rappers like wimbledon  
All I need is a pad and pencil in  
Watch me put niggas on the crusher like incylin  
Is the ak-y  
Watch me throwing adolph hitler signs cause y'all  
cannot see  
Get it nazi  
As in not see me son  
Like that great job slash d.v 1 division  
I run these streets like traffic police  
Walking with irons so I can straighten out beef like a  
priest  
Even without an automatic  
I still beat niggas down  
Like ( ? ) used to do in 85  
Who'd of known they not ( ? )  
I'm ill like that  
It's the aka', harley davidson rocker  
Because I propel like choppers on top a helicopter  
So tell me who the fuck know how to rock this right  
And for lyricist of the year  
How the fuck you ain't pronounce my damn name right  
I'm in it, to win it  
Because

Hook

(akinyele)  
I make ( ? ) degree patches  
Have orgasms on top of flower pots  
In other words the ladies know that ak's the cream of  
the crop  
Ready to rock this mic like crack vows  
Nigga ow  
Take it back

Like that first movie from ( ? ) freddy  
Cause I got a wild style  
The challenger  
( ? ) from metallica  
Got heavy metal locked  
Just so I can watch you punks get rocked  
I be stressing you  
With jessica  
As we walk all through you're city like damn  
messengers  
So put me through a test like the tubes  
Fuck the food  
You no longer have to sneeze for the ak to bless you  
As I step to the rhyme biters  
You know them cats  
Who write their raps in aztec  
Cause they all copywriters  
It only take ak one second eith ak mic checkings  
For ak to start wrecking  
Cause ak be representing for  
The ral niggas like o.j. did  
And ak told the seconds  
Cause we in it  
To win it  
I said we in it  
To win it  
Hey yo we in it  
To win it  
Because

Hook
