Nail my soul to the bathroom wall  
Kicking and screaming for the ? call  
Reinvented through a ?  
But yours ? back in ?

Who's the stranger at the basement door  
Creepy-crawl crying out "I want more"  
When I was little ?, I liked throwing dice  
Daddy's little diatribe felt like ice

How so  
As the creature's grow  
Who's the boss?  
Now the creature's lost  
Strike trade  
? get's made  
Back burn  
Where's the creature turn

Creep's still playing with a fork and knife  
Killing himself to lead a sheltered life  
Murder the custom and catholic ?  
Looking useless to everyone

Defending that language to the  
Locking my door ? so I can breathe  
Take me a taste of what you're biting back  
Catch your religeon ? paint it black

How so  
As the creature's grow  
Who's the boss?  
Now the creature's lost  
Strike trade  
? get's made  
Back burn  
Where's the creature turn?  
repeated x 5
