"The Land Of Rape And Honey"

Visit "[The Land Of Rape And Honey](#)" on MotoLyrics.com

Face to face
Blood to blood
The mountain
You tumbled from
And in the land of rape and honey
You prey

Step by step
You climb the mountain
You prey

Fist to fist
Eye to eye
The rulers of the wasteland
And in the land of rape and honey
You prey

Step by step
You climb the mountain
You prey

Head to head
Chest to chest
Which country is the very best?
And in the land of rape and honey
You prey

Step by step
You climb the mountain
You prey
