I'd like to say that I tried  
If it's in with all deceptions and lies  
And empty tables with fuel untouched  
I couldn't see the future and I lighted too much

I'm just going from door to door  
But nothing to sell  
Wondering like a fool  
Through the halls of a blue hotel

Go on and rain down on us  
Go on and rain  
Go on and rain down on us  
I give up, I give up

Something about this cold  
Blowing through the trees  
Leaving me raw as the words come out  
I get confused, I get shattered like a light bulb  
In an October moon

She aside like a secret  
And I've got no one to tell  
That wondering like a fool  
Through the halls of a blue hotel

Go on and rain down on us  
Go on and rain  
Go on and rain down on us  
I give up, I give up  
I give up, I give up

Go on and rain down on us  
Go on and rain down
