Build your dreams to the stars above
But when you need someone true to love
Don't go to strangers, darlin'
Come to me

Play with fire 'til your fingers burn
When there's no place for you to turn
Don't go to strangers, darlin'
Come to me

For when you hear a call to follow your heart
You'll follow your heart, I know
'Cause I'm an old hand, I've been through it all
I'll understand if you go

So make your mark for your friends to see
When you need more than company
Don't go to strangers, darlin'
Come to me

For when you hear a call to follow your heart
You'll follow your heart, I know
'Cause I'm an old hand and I've been through it all
I'll understand if you go

So, make your mark for your friends to see
When you need more than company
Don't go to strangers, darlin'
Come to me

Don't go to strangers, darlin'
Come to me
