Have I stayed away too long?
Have I stayed away too long?
If I come home tonight
Would you still be my darlin'?
Or have I stayed away too long?

The love light that shone so strong
Sweet love light that shone so strong
If I came home tonight
Would that same light be shinin'?
Or have I stayed away too long?

I'm just outside of town and I'll soon be at your door
Maybe I'd be wrong to hurry there
I'd best stay out of town and worry you no more
Maybe someone else has made you care

And if all of my dreams gone wrong
My beautiful dreams gone wrong
If I came home tonight
Would you still be my darlin'?
Or have I stayed away too long?

I'm just outside of town and I'll soon be at your door
Maybe I'd be wrong to hurry there
I'd best stay out of town and worry you no more
Maybe someone else has made you care

And if all of my dreams gone wrong
My beautiful dreams gone wrong
If I came home tonight
Would you still be my darlin'?
Or have I stayed away too long?

If I came home tonight
Would you still be my darlin'?
Or have I stayed away too long?
