I guess I've come to live here in your eyes
This must be the place called Paradise
You are so precious to me
What a special time within our lives
And I guess I've come to live here in your eyes

A thousand times I see you
And a thousand times you take my breath away
And fears and doubts consume me
And I'm afraid someone will take it all away

I hope we're here forever
But I think it's time that we both realized
That I guess I've come to live here in your eyes

I guess I've come to live here in your eyes
This must be the place called Paradise
You are so precious to me
what a special time within our lives
And I guess I've come to live here in your eyes.

Thousand times I see you
And a thousand times you take my breath away
And fears and doubts consume me
And I'm afraid someone will take it all away

I hope we're here forever
And I think it's time that we both realized
That I guess I've come to live here in your eyes

And I guess I've come to live here in your eyes
