I'll stay around till it's over
And hope that it never ends
Maybe in time, you'll change your mind
And decide to love me again

I'll just simply refuse to leave you
Call me stubborn but I'll never give in
And I'll just hang around till it's over
And hope that it never ends

I'll stay around till it's over
And hope that it never ends
Maybe in time, you'll change your mind
And decide to love me again

I'll just simply refuse to leave you
Call me stubborn but I'll never give in
And I'll just hang around till it's over
And hope that it never ends
