It's a sin ,my darling, how I love you
Although I know our love can never be
It's a sin to keep this mem'ry of you
When silence proves that you've forgotten me
The dreams I built for us have tumbled
Each promise broken like my heart
Why pretend that I can't live without you
When deep inside I know that it's a sin
[guitar - piano]
I hope you're happy with another
Who shares the dream I could not win
Why pretend that I can't live without you
When deep inside I know that it's a sin
