"Lookin' For A Feeling"

Visit "[Lookin' For A Feeling](#)" on MotoLyrics.com

I'm lookin' for a feeling that I once had with you
Lookin' for a feeling, I have grown accustomed to
I've had love and I've had lovers but they never seem
to do

I keep lookin' for a feeling that I lost when I lost you

I said, when it was over, I'd be over you in time
'Cause nothing lasts forever, it's all a state of mind
I found one love, I'll find another, heaven knows how
hard I've tried
But there's somethin' always missing, somethin' never
satisfied

I keep lookin' for a feeling, I once had with you
Lookin' for a feeling, I have grown accustomed to
I've had love and I've had lovers but they never seem
to do

I keep lookin' for a feeling that I lost when I lost you
