(Willie Nelson - Mickey Raphael)

Nobody said it was gonna be easy
It's only as hard as it seems
But lately it's harder than usual
Am I dreaming impossible dreams?

Will you love me forever, I don't even know
And I don't really care anymore
Nobody said it was gonna be easy
It never was easy before.

--- Instrumental ---

Will you love me forever, I don't even know
And I don't really care anymore
Nobody said it was gonna be easy
It never was easy before.

It never was easy before...
