I gotta get over you again
I gotta get over you again
I had my heart wide open
And you just walked right on back in

You can't imagine
Just how hard it's been
Now, I gotta get over you
I gotta get over you again

We never really had a chance
We never really had a chance at all

I was carrying more luggage
More than U-Haul truck could haul
And I had it all worked out
We'd only be the best of friends

Now, I gotta get over you
I gotta get over you again

Maybe I never really got over you at all
And I've been looking in the mirror
A lie, I didn't like at all
Supposed to be so easy like falling off a wall

And I started thinking
Thinking about things that might have been

Now, I gotta get over you
I gotta get over you again
And I gotta get over you
I gotta get over you again

I gotta get over you
I gotta get over you again
Gotta get over you
Gotta get over you again

I had my heart wide open
And you just walked right on back in
And I gotta get over you

Gotta get over you again
