Please don't leave me anymore darlin'  
Partings are so sad my dear  
For you're the only one that I love darlin'  
Can't you tell that I'm sincere

We were happy once my dear  
Happy as could be  
And now that we have things patched up  
Just stay here with me

And love me as you have before darlin'  
For I'm so in love with you

Please don't leave me anymore darlin'  
Partings are so sad my dear  
For you're the only one that I love darlin'  
Can't you tell that I'm sincere

We were happy once my dear  
Happy as could be  
And now that we have things patched up  
Just stay here with me

And love me as you have before darlin'  
For I'm so in love with you

And love me as you have before darlin'  
For I'm so in love with you
