

Willie Nelson

"Rainy Day Blues"

Visit "[Rainy Day Blues](#)" on MotoLyrics.com

Well it's cloudy in the morning gonna be raining in the
afternoon
Cloudy in the morning and it's gonna be raining in the
afternoon
If you don't like this rainy weather you better pack your
bags and move
But if you're running from it brother the only road that I
can see
If you're running from it brother the only road that I can
see
Is the road that leads to nowhere and nowhere is a fool
like me
Rain keep a falling falling round my window pane
Rain keep a falling falling round my window pane
Ain't never seen so much rainy weather guess I'll never
see the sun again

[guitar + harmonica]

Save those dimes and nickels save 'em for a rainy day
Save your dimes and nickels save 'em for a rainy day
It ain't gonna keep the rain from coming but at least
you know you've paid your way
Rain rain rain keep a falling
