So you think you're a cowboy but you're only a kid  
With a mind to do everything wrong  
And it starts to get smoother when the circle begins  
But by the time that you get there it's gone

So you think you're a winner but you're losin' again  
The cards are all lucky but then  
And the hand that you're holdin' means nothin' at all  
Just knowin' is all that is there

So you think you're a cowboy but you're only a kid  
With a mind to do everything wrong  
And it starts to get smoother when the circle begins  
But by the time that you get there it's gone

So your life is a fun, the best that you can  
Tomorrow is not right or wrong  
And don't wait for tomorrow to bring you your dreams  
'Cause by the time that they get there they're gone

So you think you're a cowboy but you're only a kid  
With a mind to do everything wrong  
And it starts to get smoother when the circle begins  
But by the time that you get there it's gone  
Yeah, by the time that you get there it's gone
