Some enchanted evening  
You may see a stranger  
You may see a stranger  
Across a crowded room

And somehow you know  
You know even then  
That somewhere you'll see her  
Again and again

Some enchanted evening  
Someone may be laughing  
You may hear her laughing  
Across a crowded room

And night after night  
As strange as it seems  
The sound of her laughter  
Will sing in your dreams

Who can explain it  
Who can tell you why  
Fools give you reasons  
Wise men never try

Some enchanted evening  
When you find your true love  
When you feel her call you  
Across a crowded room

Fly to her side  
And make her your own  
Or all through your life  
You may dream all alone

Once you have found her  
Never let her go  
Once you have found her  
Never her, let her go
