Something in the way she moves
Attracts me like no other lover
Something in the way she woos me
I don't want to leave her now you know I believe and
how

Somewhere in her smile she knows
That I don't need no other lover
Something in her style that shows me
I don't want to leave her now you know I believe and
how

You're asking me will my love grow
I don't know, I don't know
Just stick around and it may show
I don't know, I don't know

You're asking me will my love grow
I don't know, I don't know
Just stick around and it may show
I don't know, I don't know

Something in the way she knows
And all I have to do is think of her
Something in the way she shows me
I don't want to leave her now you know I believe and
how
