Well, I've been a lot of places
In my life and time
I've sung a lot of songs
And I've made some bad rhyme

Acted out my love in stages
With ten thousand people watchin'
Now, we're alone and I am singin'
My song for you

And I know your image of me
Is what I hope to be
I've treated you unkindly
But darlin' can't you see

There's no one more important to me
So darlin' can't you please see through me
'Cause now we're alone and I am singing
My song for you

Well, you taught me precious secrets
Of a truth with holding nothin'
You came out in front
But I was hiding

Now, I'm so much better
And if my words don't come together
Just listen to the melody
For my love is in there hiding

And I love you in a place
Where there's no space or time
I love you for my life
You are a friend of mine

And when my life is over
Remember when we were together
We were alone and I was singing
My song for you

Well, you taught me precious secrets
Of a truth with holding nothin'

You came out in front
But I was hiding

But now, I'm so much better
And if my words don't come together
Listen to the melody
For my love is in there hiding

And I love you in a place
Where there's no space or time
I love you for my life
You are a friend of mine

And when my life is over
Remember when we were together
We were alone and I was singing
My song for you

We were alone and I was singing
My song for you
