Stardust

Willie Nelson

Sometimes I wonder
Why I spend the lonely night
Dreaming of a song
The melody haunts my memory
And I am once again you
When our love is new
And each kiss an inspiration

But that was long ago
And now my consolation
Is in star dust of sun
Beside the garden wall
When stars are bright
You are in arms
The nightingale tells his fairy tales
Of paradise where roses grow

*Though I dream them in my heart
They always will remain
My stardust memory
The memory of loves refrain

And though I dream in vain
In my heart it will always will remain
My stardust memory
The memory of loves refrain

(Repeat *)
