Still water runs the deepest
Like a love complete and through
So peaceful and dependable
I can't say the same about you

Our love is cold and selfish
It never could be true
One time I loved you truly
I can't say the same about you

I'm leaving and I won't be back
I'm goin' where I belong
Too long we've been together
And too long you've done me wrong

Still water runs the deepest
Like a love complete and through
So peaceful and dependable
I can't say the same about you

I'm leaving and I won't be back
I'm goin' where I belong
Too long we've been together
And too long you've done me wrong

Still water runs the deepest
Like a love complete and through
So peaceful and dependable
I can't say the same about you
