I think, I should speak to you stranger  
Your problem is clear now to me  
You think that the whole world's against you  
And you tell everyone that you see

Just suffer in silence speak no bitter words  
The world offers no sympathy  
Though trouble surrounds you  
And you long to be heard just suffer in silence like me

I'll give you a lesson in living  
I hope it stays with you awhile  
You're the reason for all of your sorrows  
So just suffer in silence and smile

Just suffer in silence speak no bitter words  
The world offers no sympathy  
Though trouble surrounds you  
And you long to be heard just suffer in silence like me
