Sweet Jennie Lee from Tennessee  
Oh yeah

Sweet Jennie Lee from sunny Tennessee  
You'll love her when you see sweet Jennie Lee  
Each little bird is singing merrily  
Just getting set to see sweet Jennie Lee

She's got a certain something in her style  
She's got a bit of heaven in her smile  
And she promised me that she'd say yesiree  
And that's good enough for me, sweet Jennie Lee

Oh, that's so sweet  
Oh yeah

Sweet Jennie Lee from sunny Tennessee  
You'll love her when you see sweet Jennie Lee  
Each little bird is singing merrily  
Just getting set to see sweet Jennie Lee

She's got a certain something in her style  
She's got a bit of heaven in her smile  
And she promised me that she'd say yesiree  
And that's good enough for me, sweet Jennie Lee

Altogether now, sweet Jennie Lee

Sweet Jennie Lee from sunny Tennessee  
You'll love her when you see sweet Jennie Lee  
And each little bird is singing merrily  
Just getting set to see sweet Jennie Lee

She's got a certain something in her style  
She's got a bit of heaven in her smile  
And she promised me that she'd say yesiree  
And that's good enough for me, sweet Jennie Lee

Oh, sweet Jennie Lee
