Willie Nelson
"Take My World"

Take my word for what I tell you I have never lied to you
Pay no mind to what they're sayin' I have never been untrue
Evil tongues in town continue to prat aloud their evil news
You'll have to take my word when I tell you I love you I love you (I love you)

The power of gossip is always strengthen when it finds a respected ear
If you listen the chances are greater that a thread of doubt may appear
Evil tongues in town continue...

Evil tongues in town continue to prat aloud their evil news

You'll have to take my word when I tell you I love you I love you I love you
Take my word I love you take my word I love you
