Life is a picture and I play the lead but my biggest line
was goodbye
Now my leading lady has walked out on me and this is
the part where I cried
I was great in the scene where she found someone new
You should have seen my look of surprise
And if you'll have just walk into the picture this is the
part where I cry

And after the picture is over and it's judged for the part
where you lied
The award of the chiefment that's given will be mine
for the part where I cried
I was great in the scene...
