Now that we're back together, the battle is half won
We'll try to save a part of yesterday
I know it won't be easy but at least we have begun
There is no easy way but there is a way

We both could use some understanding, trust would
help
And the journey of a thousand miles begins with just
one step
And is love not worth the price, we'll have to pay
There is no easy way but there is a way

We both could use some understanding, trust would
help
And the journey of a thousand miles begins with just
one step
And is love not worth the price, we'll have to pay
There is no easy way but there is a way

There is no easy way but there is a way
