Where's my pal, where's my friend?
All good things must have an end
Sad things and nothing's on and on they go
I guess he went to Mexico

They all went to Mexico
Buenas dias got to go
Tengo que obedecer mi corazon
They all went to Mexico

Where's my mule and where's my dray?
Straw hat's packed up and gone away
Mule don't go north and dray go slow
They both went to Mexico

Where's my sweetie, where's the face
That lit dark corners every place?
She put up with me long time you know
And then she had to go to Mexico

They all went to Mexico
Buenas dias got to go
Tengo que obedecer mi corazon
They all went to Mexico

Where's my brown dog, where's my hound?
He liked my truck, he hung around
But he's a canine romeo
And I guess he went to Mexico

Where's that woman, so sweet so mean?
Her heart was cautious, her mind was keen
She was always looking for the peccadillo
I hope she went to Mexico

They all went to Mexico
Buenas dias got to go
Tengo que obedecer mi corazon
They all went to Mexico

Where's December's happy crew
With German bikes and sidecars too?

They take the truck south to St. Louis
Motorcycle all the way to Mexico

Where's my luck and where's my grace?
Has it all been just a foolish chase?
Every time I hear that rainy chill wind blow
I think it might be time to head to Mexico

They all went to Mexico
Buenas días got to go
Tengo que obedecer mi corazon
They all went to Mexico

They all went to Mexico
Buenas días got to go
Tengo que obedecer mi corazon
They all went to Mexico
