There was a time when I thought of no other  
We sang our own love refrain  
Our hearts beat as one, as we had our fun  
But time changes everything

And when you left me my poor heart was broken  
And our romance seemed all in vain  
But the dark clouds are gone, there are blue skies  
again  
'Cause time changes everything

You can change the name of an old song  
Rearrange it and make it swing  
I thought nothin' could stop me from lovin' you  
But time changes everything

So goodbye, good luck, may God bless you  
I can't say I won't love again  
You go your way, and I'll go mine  
'Cause time changes everything

You go your way, and I'll go mine  
'Cause time has changed everything
