Why do I have to chose  
And see everybody lose  
And walk around and sing the blues  
Well, darlin' I refuse

Love is hard to find  
Love of any kind  
But love like hers and mine  
Creates it's own design

So why do I have to chose  
See everybody lose  
Walk around and sing the blues  
Well, darlin' I refuse

And when I think of her  
And then I think of you  
The love is not the same  
But either love is true

Why do I have to chose  
See everybody lose  
Walk around and sing the blues  
Well, darlin' I refuse

Why do I have to chose  
See everybody lose  
Walk around and sing the blues  
Well, darlin' I refuse
