I wish I was a millionaire  
Play rock music and grow long hair  
Tell your boys  
Â'Bout a new Rolls-Royce

Pretty women callin' me  
Give Â'em all the third degree  
Give Â'em satin sheets  
To keep Â'em off the streets

Hallelujah let me sock it to ya  
Praise the Lord, and pass the mescaline  
Trade your whole world  
You'll come over  
As soon as you see me boogie-woogie Â'cross the  
silver screen

Hang Â'em high, hang Â'em low  
Put Â'em in the ceilings wherever I go

And they'd swing all night  
In the rafter light

Hallelujah, what's it to ya?  
Got your coffee, me, I got my Spanish tea  
Trade your whole world  
You'll come over  
As soon as you hear me playing my calliope

I wish I was a millionaire  
Play rock music and grow long hair  
Tell your boys  
Â'Bout a new Rolls-Royce
