Birdman caught me on his property  
He saw me tresspassing his real estate  
He reached in his pocket for a pistol  
He came after me and pistol-whipped my behind

Birdman kicked my ass (4X)

Birdman beat me to a pulp  
He gave me a yell-down war hellride  
He told me that he was going to kill me if I don't get off  
his real estate  
He gave me five minutes to get in my Bronco and hit  
the ricky-road

Birdman kicked my ass (4X)

At 10 o' clock PM, I drove my Bronco back to Birdman's  
real estate  
I jumped over his fence at the dark  
I picked up a brick and shot at Birdman's windowpane  
Birdman sighted me doing it and reached for his pistol  
Suddenly, I jumped back in my Bronco and took off like  
O.J. Simpson

Birdman kicked my ass (4X)
