When you're not with me I feel
Lost and forsaken
Without your touch my world is
Incomplete
I'm wasting time until we're
Once more together
You left my with a hunger
I can't feed
If there is a light to lead me
Out of this tunnel
A light to follow answering
All of my prayers
If I could dream on
Awaking never
Cause in my dreams
Your always there
Minutes are hours
And hours forever
Forever always
And always my fear when you're ...
When you're away from me
When I'm without you
Only half of me's here
When you're away from me
If there's a light ...
Minutes are ...
All around are friends
But my world's deserted
If I can't hear your voice
Or you're not insight
The saddest words I've ever
Heard are
I'll miss you baby so til -
Then it's goodbye
But minutes are hours
And hours forever
Forever always
And always my fear
When you're ...
When you're away from me
Now when I'm without you
Only half of me's here

When you're away from me
Minutes are hours
And hours forever
Forever always
And always my fear
When you're away from me
When you're away from me
When I'm without you
Only half of me's here
