They say I'm the life of the party  
I've got all the lines  
I can make them laugh till they cry  
I'm like a jester in a court  
A funny man of sorts  
I can put on a good show

Chorus:

Yea, Yea, Yea, Yea  
Do you really have the time to get to, know me now  
Or should i put my  
Face on  
I put my best foot forward  
My face on  
I'll tell you all the things you want to hear

Hey- I can do impressions  
I'm the master of deception  
Cause they dont really know me  
The exchange rate of the day  
On a laugh wont really pay  
At least not like it used to

Chorus:

Yea, Yea, Yea, Yea  
Do you really have the time to get to know me  
Or should I put my face on  
I put my best foot forward  
My face on  
I'll tell you all the things you want to hear

(chorus)
