They're not teardrops just sincere drops
They're I love you drops cause I love you

They were on my pillow when I woke up this morning
They were on the letter I tried all day to write
And just a little while ago I saw them falling
On your picture as I kissed it goodnight

I love you drops I miss you drops
Hurry home drops you've been gone so long drops
They're not teardrops just sincere drops
That say I'm lonesome and I love you

Never knew this heart could hurt the way it hurts for
you
Never lived so many lifetimes in a week
Why don't you come back to me the way you said you
would
And kiss these little crystals off my cheek
I love you drops...
