There's a new world somewhere they call the Promised
Land

And I'll be there someday if you will hold my hand
I still need you there beside me no matter what I do
For I know I'll never find another you

There is always someone to reach across they say
And you'll be my someone forever and the day
I could search the whole world over until my life is
through
But I know I'll never find another you

It's a long long journey so stay by my side
When I'll walk through the storm you'll be my guide be
my guide
If they gave me a fortune my pleasure would be small
I could lose it all tomorrow and never mind at all
But if I should lose your love dear I don't know what I'd
do
For I know I'll never find another you
[guitar]
But if I should lose your love dear I don't know what I'd
do
For I know I'll never find another you
Another you another you
