Well this is it that day is here  
The day I knew would come when you would leave me  
dear  
Well here I sit while teardrops fall  
And wonder why I care when you don't care at all  
But I'm a fool that way from a way back when  
A fool who take you back if you'd come back again  
But this is it you're gone you're free  
You find another love but this is it for me  
Well this is it that day is here  
It's no surprising yet I can't hold back the tears  
Well here I sit and try to guess  
How such an empty room's so full of loneliness  
Well even the clock has stopped somehow I guess you  
knew  
That time's run out from me it's over it's all through  
Yes this is it you're gone you're free  
You find another love but this is it for me
