I reached out my arms and I touched you with soft  
words I whispered your name  
I held you right on the tip of my fingers but that was as  
close as I came  
My eyes had a vision of your lips yeelding beneath my  
command  
I held your love on the tips of my fingers  
But I let it slip right through my hands I let it slip right  
through my hands  
Somebody took you when I wasn't looking I should have  
known from the start  
But it's a long long way from the tips of my fingers  
To the love hidden deep in your heart to the love  
hidden deep in your heart
